INSPECTION CHECKLIST

Place an "X" under YES or NO in response to the following	YES	NO*
1. Review of Contract Requirements has been completed (SOW, Construction Documents, Code Criteria). Identified variances are noted.	X	
2. Verify that all materials and/or equipment has been submitted and approved, and if required, have been tested.		
3. Verify that provisions have been made to provide for required control inspection and testing.		
4. Work area has been examined to ensure that all required preliminary work has been completed and in compliance with the Contract Requirements.		
5. Required materials, equipment, and sample work have been examined or inspected to ensure that they are on-hand, conform to approved shop drawings or submitted data, and are properly stored.		
6. Activity Hazard Analyses have been reviewed to ensure that safety requirements are met.		
7. Procedures for executing this work element, including elimination of repetitive deficiencies, have been discussed with applicable field crew(s) and subcontractors.		
8. Construction tolerances and workmanship standards for the phase of work being inspected have been described and clearly conveyed.		
9. Verify that the portion of the plan for the work to be performed has been accepted by the Contracting Officer or official representative. [And Client has been notified at least 48 hours in advance (or other notifications as may be required by contract) of beginning any of the required activities under this Feature of Work].		
10. The results of the Preparatory Phase Inspection (e.g., acceptable workmanship, actions required, etc.) are documented on this form, and additional sheets as necessary, and are attached to the Daily Production & Quality Control Report.		

* Explain any NO responses (attach additional sheets if necessary)
