

**Legend:**

- Site Boundary
- Beta Ditch
- Timet Manufacturing Facility Boundary
- Stormwater Ditch

- AA-01 Monitoring well locations
- WC-TB-01 Composite Sample Locations
- EA4-SO1 Discrete Sample Locations
- T Transformer and stained soils
- F Locations with fine-grained soils
- Anomalous Sampling Area
- Radiation Survey Area
- VOCs in Groundwater / Area Adjacent to Timet and Beta Ditch
- Potential Groundwater Mounding Area

**Screening Criteria Comparison:**

- Sample Result > Lowest Value of Screening Criterion
- Detection Limit > Lowest Value of Screening Criterion
- Detection Limit Unknown
- Sample Result & Detection Limit < Lowest Value of Screening Criterion

Note: See workplan text for explanation of screening criteria.

Note: Discrete samples associated with composite samples denoted on map are presented in Appendix C
