Ref: Document Repository for BRC Documents

Dear Mr. Rakvica:

As you are aware, the Basic Remediation Company (BRC) Community Involvement Plan (CIP), as currently approved by the NDEP requires that a document repository be created wherein all of the BRC project documents can be made available to the public. This is in addition to other public outreach methods (such as having a website, the information kiosk, and periodic factsheet distributions) that BRC is also required to implement. We are hereby requesting that the requirement to have and maintain a separate document repository be deleted from the CIP.

Historically, documents were being sent to the City of Henderson Library in hardcopy form. However, due to reasons of space as well as lack of personnel, the City is currently not able to maintain project documents in a readily-available and organized form.

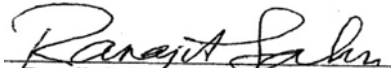

Over the last year, BRC has made a concerted effort to upgrade its website (www.landwellco.com). Specifically, BRC has committed to uploading all relevant project documents to this website. All historical documents will have been and are being uploaded to this website. As new final documents are created in the future, including agency correspondence, they will be uploaded as well. BRC intends that this website will be the primary means for all stakeholders (including BRC consultants, and members of the public) to obtain project documents.

Of course, hardcopy and electronic copies of all documents are maintained at the BRC offices located at 875 West Warm Springs Road in Henderson. At the request of the public we can make available any project document to any member of the public for review at our office.

Given the availability and utility of the website (which is, in our experience, now the preferred manner for the public to get documents) and the backup of the hardcopy documents at our office, we feel that the document repository will be a redundant facility. Therefore, we request your approval in deleting it from the CIP. Based on your response, we will modify the CIP and submit it for your approval.

If you have any questions, please call me at 626 382 0001.

Sincerely,

A handwritten signature in black ink, appearing to read "Ranajit Sahu". The signature is fluid and cursive, with the first name "Ranajit" and last name "Sahu" clearly distinguishable.

Dr. Ranajit Sahu, C.E.M. (No. EM-1699, Exp. 10/07/2009)

BRC Project Manager
